HIRING : LANDSCAPE DESIGN INTERN

It is our mission to freely imagine, brilliantly define and carefully create gardens that keep horticulture as its heart and soul. We value the notion that we are all neighbors regardless of region or rank, and that every property should have a clean, safe and supportive outdoor environment where we can live, work, play and rest.

The Landscape Design Intern is a part time, temporary or seasonal position for an individual dedicated to a career in landscape design and seeking experience working in a professional design practice.

Daily duties may include: Perform research and site reconnaissance. Prepare site inventory and analysis drawings. Assist senior design staff with preparation of design development and construction documents, illustrations, renderings and other exhibits as required. Attend meetings, conferences, training and other events, online or in person, as deemed necessary.

Education: current or recently graduated students of certificate, associates or bachelor's degree programs in landscape design, landscape architecture, landscape contracting, horticulture or similar program, or equal experience

Experience: 0-1 year

Required Skills

- Effective written and verbal communication skills
- Working knowledge of 2D/3D CAD software
- Competency with freehand drawing and rendering
- Competency in the Windows operating environment, word processing, spreadsheet, internet navigation and general navigation of smartphone apps
- General understanding of the design process, design history, design theory, design principles and their application through the use of plants, landscape construction materials and techniques and other elements as are typical in the mid-Atlantic region
- Ability to work indoors and outdoors, in all types of weather with a wide range of people, under varying levels of supervision and a dynamic work pace

Desired Skills

- General knowledge of plants, materials and landscape construction techniques common to the mid-Atlantic region
- Working knowledge of Vectorworks Landmark CAD software

Compensation

- Hourly rate based on skill set, paid time off, flexible schedule

Interested candidates should send an attention-catching cover letter, concise resume and a compelling portfolio to admin@danilomaffei.com. No phone calls please, and we will only respond to those applicants we find most relevant.
